### DETAILED ACTION

This Application has been examined. The claims 1-11 are pending. The examination results are as following.

#### *Reasons For Allowance*

1. The following is an examiner's statement of reasons for allowance: The present invention is directed to a display control device including an image data writing means, a graphics memory connected to the writing means, a data transfer means responsive to a command from the writing means for reading data from the graphics memory, or the present invention also directed a machine-readable medium having stored thereon a plurality of executable instructions, the plurality of instructions comprising instructions: to write arbitrary image data to addresses within a graphics memory using an data writing means. The closest prior art, Nobutani et al. (US 5,736,981) shows a similar system, however he fails to teach the arbitrary image data to be updated is rewritten partially in the memory of the display means, and together with the data in the other region already in the memory of the display means, are read as data for one screen as claims 1,6 and 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
